

NOLAN THOMPSON

61181 Dayspring Dr. | Bend, OR 97702 | 480-221-4836 | nolan@bendgraphicdesign.com

Experienced User Interface Designer with the ability to handle large scale software applications and maintain and write solid front-end code. Focused career in design and coding for the web and web based applications with attention to responsive, accessible, simple, and functional development.

SUMMARY OF QUALIFICATIONS

- Over 14 years experience designing applications, user interfaces (UI), websites, ads, and e-newsletters.
- Excellent coding skills and the ability to take ownership of the front-end development process from start to finish.
- Extremely passionate in the 'No Photoshop' revolution (but I love Photoshop when it's needed).
- Strong design and production skills with emphasis on interactive elements.
- Professional working knowledge of human-computer interaction (HCI), navigation, and usability for UI design.
- Expert knowledge all phases of project life-cycle, evaluating user analysis to information architecture (IA), testing, graphic user interface (GUI) design, and implementation.
- Exceptional work ethic with pro communication skills and the ability to lead.
- Strong desire to learn and share knowledge to help make the world a little more user friendly!
